

Identifiable disposable samplers

- ▶ Especially for the food, animal feed and pharmaceutical industries
- ▶ Can be used as part of HACCP/IFS/BRC foreign object management
- ▶ Individually packaged and sterilised by gamma rays
- ▶ Production, assembly and packaging according to clean room class 7
- ▶ Complies with EU food requirements and FDA regulations

b SteriPlast

Disposable samplers, blue

The shade of blue that is used does not occur in a natural form in foodstuffs. Because of this, blue products or parts of them can be quickly found and easily identified in a visual check if they are ever mixed into production. The use of blue tools thus helps to meet the requirements of the HACCP hazard analysis and assessment in reference to foreign objects. This is an important criterion, especially in food processing and production and in the animal feed and pharmaceutical industry.

- ▶ PS, blue

Food scoop, blue

The disposable scoop is ideal for powders, granulates and pastes. Ergonomics were particularly important to us for the design of the sample scoop. The scoop stands horizontally due to the special handle design and the slightly angled front edge and can therefore be put down without the sample material trickling out.

Capacity ml	Length mm	Pieces per pack	Item no.
25	141	10	6284552
50	160	10	6284553
100	205	10	6284554
150	216	10	6284555
250	232	10	6284556
500	280	10	6284557
1000	332	10	6284558
2000	381	10	4680857

Food scoop, long handle, blue

The sampling scoop can be used to take samples of powders, granulates and pastes. The long handle makes it possible to sample larger containers even with little content or to reach through narrow openings. With the straight bottom of the scoop, the medium can be scooped up directly from the bottom of the container.

The disposable scoop is suitable for sensitive areas of pharmaceuticals and chemistry as well as the food and cosmetics industries.

Total length mm	Capacity ml	Pieces per pack	Item no.
390	50	10	4680843
415	100	10	4680844

Spatula for foodstuffs, blue

As a result of the long, ergonomically-shaped, stable handle and a sharp blade, it is possible to even penetrate directly into containers such as paper or plastic sacks. The disposable spatula is ideal for sampling powders, granulates and pastes.

Insertion depth mm	Length mm	Pieces per pack	Item no.
150	263	10	6284559

Spoon for foodstuffs, blue

The spoon is available in two sizes, 2.5 ml (similar to a teaspoon) and 10 ml (similar to a table-spoon), and is ideal for sampling powders, granulates and fluids.

Capacity ml	Length mm	Pieces per pack	Item no.
2.5	127	100	6284560
10	170	100	6284561

Blue disposable samplers

Food spoons, long handle, blue

The long handle makes it easy to reach the bottoms of larger containers as well and allows for sampling of drums, jerrycans and bottles with small opening diameters.

Sampling spoon curved, long handle, blue

The long handle of the plastic spoon makes it possible to empty residue from large containers easily and can also reach into places that are hard to reach such as jerrycans with narrow necks.

Total length mm	Capacity ml	Pieces per pack	Item no.
355	5	10	4680829
375	20	10	4680830
Total length mm	Capacity ml	Pieces per pack	Item no.
360	10	10	4680833

Ladle, long handle, disposable, blue

The ladle is suitable for taking samples of liquids and viscous media as well as powders and granulates. The ladle has a very smooth bottom and rounded corners. This makes it possible to reach into any corner of a container or to take medium directly from the bottom of the container. A long handle with indentations for fingers ensures a firm hold and precise work.

Total length mm	Capacity ml	Pieces per pack	Item no.
365	30	10	4680851

Measuring spoons, blue

Volumetric and dosing spoons can be used to measure small amounts of powder, granulates and liquids exactly and dose them precisely. For precise measuring, excess medium is stripped off the upper edge of the spoon. The content volume is engraved on the handle.

Capacity ml	Pieces per pack	Item no.
0.5	100	4670789
1	100	4670791
2.5	100	4670793
5	100	4670795

15	100	4670799
25	100	4670801
50	100	4670803

Scraper for foodstuffs, blue

Sturdy and convenient scraper for disposable use. The scraper is suitable for scraping off, smoothing or cleaning as well as removing residue.

L x W mm	Pieces per pack	Item no.
200 x 80	10	6284562

Food palette knife spatula, blue

The sampling palette knife spatula can be used to apply, distribute or evenly spread viscous media such as pastes and creams. The palette knife spatula reaches easily into the corners and curves of various containers and is suitable for scraping out bowls, removing residue or wiping off Bürkle's volumetric and dosing spoons.

Pieces per pack	Item no.
100	4680861

Forceps, disposable, blue

The disposable forceps are suitable for precise lab work and are ideal for grasping, lifting and moving small objects, for example fine tissue, small items or solid samples.

- ▶ Overall length 130 mm

Shape	Pieces per pack	Item no.
pointed/angled	100	4670765
pointed	100	4670766
broad tip	100	4670767

DispoDipper

Sampling tube manufactured in a clean room specially designed for disposable use. Due to the blue colour, it is also perfect for use in the food, animal feed and pharmaceutical industries. The scaled sample container can be used for an exact measurement. After sampling, the container can be closed and is leakproof.

- ▶ PP, blue transparent
- ▶ Individually packaged and optionally sterilised by gamma rays
- ▶ Production and packaging according to clean room class 7
- ▶ Complies with EU food requirements and FDA regulations
- ▶ Scaled sampling tube volume in ml and oz.
- ▶ Immersion depth 270 mm

Capacity ml	Model	Dia. mm	Height with cap mm	Total length mm	Pieces per pack	Item no.
50	sterilised	40	98	417	20	6290525
100	sterilised	53	98	415	20	4662231
250	sterilised	72	116	429	20	4662233

Sampling bag SteriBag Blue

To prevent the danger of foreign matter in production, the sample bags and the tear-off closure are coloured blue. The disposable sample bag is approved for contact with foods. It is suitable for storing and transporting solid, semi-solid and liquid media. Thanks to the large opening, the SteriBag Blue can be filled easily. The sample bag with labelling field is space-saving, easy to transport and leak-proof.

- ▶ PE, blue
- ▶ Liquid-tight
- ▶ With labelling field
- ▶ Sterile, RNase, DNase and pyrogen-free

Capacity ml	L x W mm	Pieces per pack	Item no.
