MEASUREMENT TECHNOLOGY FOR THE LABORATORY

WITH US YOU MAKE THE RIGHT CHOICE

KERN the certified specialist for weighing and measuring technology, is Germany's oldest precision scale factory. By focusing on quality and developing customer-oriented products, KERN has stood for precision, service and quality worldwide since 1844. Our product range includes an enormously wide range of precision and analytical balances, moisture analyzers, microscopes and

refractometers, which can be supplemented on request with the appropriate calibration or verification certificate. The products are available at lightning speed from our large central warehouse in the middle of Europe via a 24-hour shipping service. Are you looking for customised system solutions for yourself or your customers? Our sales and service team will be happy to support you.

Precision,
reliability,
quality.

That's what we
stand for!

**Digital microscope set
KERN OBE 124T241**

- + Our all-round compound microscope as a comprehensive digital solution for schools, training and laboratories
- + The mounted KERN ODC 241 tablet-camera has been specially developed for simple, convenient and direct investigation of the sample on the screen. Ideally suited for school pupils and students in education or for demonstration purposes in the laboratory
- + The mounted C-mount camera is available in different versions and can be used anywhere
- + A protective dust cover, eye cups, as well as multi-lingual user instructions are included in the scope of delivery

only € 1365,-

**Precision balance
KERN PCJ 600-2M**

- + Precision balance with alibi memory and optional verification
- + Internal adjustment using the rotary control on the side guarantees a high degree of accuracy and means it can be used in any location
- + Standardised, convenient KERN concept of operation, consistency across products in terms of design, menu structure, button functions, interface connection and interface protocol
- + Menu with a large number of settings which can be adapted to your requirements. For example, you can specify button tones, assign a button with different functions for rapid access and adapt the print protocol as necessary

only € 301,-

**Analytical balance
KERN ACJ 200-4M**

- + The bestseller in analytical balances, with high-quality single-cell weighing system, verification optional
- + Automatic internal adjustment in the case of a change in temperature ≥ 2 °C or timecontrolled every 4 h, guarantees high degree of accuracy and makes the balance independent of its location of use
- + Dosage aid: High stability mode and other filter settings can be selected
- + Identification number: 4 digits, printed on calibration protocol freely programmable
- + Compact size

only € 1071,-

**Analytical balance
KERN ABP 200-5AM**

- + Premium analytical balance with automatic sliding doors and the latest Single-Cell Generation for extremely rapid, stable weighing results
- + Navigation pad for super quick navigating through the menus
- + The minimum weight of sample can be manually stored in the device or automatically calculated. For weighings below this value, the balance issues a warning message
- + Dosage aid: High stability mode and other filter settings can be selected
- + Individual user settings can be stored for up to 10 users

only € 7840,-
